

VISIONS OF THE FUTURE WORKSHEET

Name: Date:

Directions: Identify a problem affecting the world today, and present a vision of the future based on it. Respond to the prompts in full sentences. Be prepared to share your thinking with the class.

1. Provide an explanation of the problem, and why you picked it.

2. Explain how this problem affects the world now, and how you think it will impact the world in 25 years and in 100 years.

3. Explain the top three changes to the world that result from this problem now, in 25 years, and in 100 years. Use your understanding of the history of the Universe to explain why these changes make sense.
